

MAC ELEKTRA

The Revolutionary New Electrically Heated Mobile Pressure Washer

- Unbeatable all electric performance
- Up to 80°C with market leading heat retention
- Strong steel chassis and hinged stainless-steel cover
- 120lt stainless steel insulated water tank
- Super-fast water reheating

KEY SPECIFICATION

Electrically Heated Mobile

10ltr/min Water Flow

150bar Pressure

80°C Maximum Temperature

400v, 32amp Power Supply

MAC ELEKTRA

MAC 21TECH

USER FRIENDLY CONTROL SYSTEM

FEATURES

- Variable total timed shutdown
- Soft start for heating elements
- Low water protection
- Anti-spike system
- Built in hour counter
- Fully bespoke design function - Siemens PLC

SIEMENS

STANDARD FEATURES

- Option of heavy-duty steel or full stainless steel chassis
- Powder coated steel or stainless steel hinged cover
- Featuring the MAC On Demand Heating System
- 120lt stainless steel insulated water tank
- Timed total stop shutdown system
- High temperature pump
- Low revving 1450rpm motor
- Easy access for servicing
- Unrivalled heat performance
- Maximum temperature output of 80°C
- Highly accurate digital thermostat display
- Available with MAC 18/24 Technology for 32amp
